Year-Round Landscape Technician 1 and Technician 2 Positions

We are seeking individuals who wish to succeed and grow professionally, and who desire to become an integral, long-term asset to our landscape design/build firm. You will work with young, energetic people as a member of a team. We offer competitive wage, bonus, insurance, 401K, vacation and benefit package based on experience and motivation. The basic job description is to work as a landscape installer crew member performing landscaping duties including landscape installation, landscape maintenance, landscape plantings, and operating equipment.

Key personality traits and instincts are the following:

- Ability to clearly communicate with designers, crew, and clients
- Ability to perform physical labor alongside crew members
- Willingness to learn from other staff members and take leadership roles when needed
- Strong work ethic

Basic Requirements:

- Valid Driver's License
- Physical ability to lift 50 lbs. and work in all weather conditions
- Reliable transportation to and from work
- Prompt attendance
