5th Annual INLA Day of Service - Save the Date!

The fifth annual INLA Service Day date has been announced! On **September 13, 2017** the Iowa Nursery & Landscape Association will help On With Life, Inc. complete their [therapeutic grounds project](#).

"Currently, On With Life is lacking an outdoor environment for those in rehabilitation and their family members. We have limited outdoor areas for persons served to explore, places that a young parent can play with his or her child, or places where families can relax and have respite from the challenges of their new normal. In addition, the outdoor grounds at On With Life are almost entirely undeveloped and inadequate for delivering therapy, with very few hard surfaces suitable for wheelchairs."

On With Life plans to transform 1.5 acres of green space into multi-faceted outdoor ADA-accessible therapeutic grounds over

the next two years. You can make a donation by [visiting them online](#) or contacting their Foundation at 515-289-9611 or by [email](#).

July 27: Baily's 'Bridging the Gap' Customer Expo

By: [Baily Nursery](#)

Building on the excitement from last year's event, the annual Bailey Nurseries Customer Expo will again return to the Nord Farm production facility in Cottage Grove, Minnesota on Thursday, July 27th. Open to all Bailey Nurseries customers, this year we will focus on BRIDGING THE GAP, with education seminars by ZingTrain and retail display inspiration focused on reaching Millennials and non-gardeners through creative marketing, engaging in-store displays and heightened customer service.

In addition to the displays and seminars, the tradition of a great lunch will continue! Continental breakfast served from 8 am—10 am. Plant health displays with staff on hand to answer questions, and tours throughout the day. **Registration is available online [HERE](#) or email sue.gundersen@baileynurseries.com**

Our 2016 Project

We had a great group of volunteers at the Iowa Arboretum in Ames last year! Students from Kirkwood and DMACC participated in the service day, they revamped their entrance sign area, adding pavers, mulch and creating a flagstone pathway and center piece connecting the new one room school house and children's garden, and Landscaping the school house, complete with proper rain garden for drainage, period appropriate plants, and mulch. Read more about our

2016 project [here](#)>>>, view photos, watch the coverage on the Agribusiness report on WHO-TV.
