For the 2019 Day of Service, INLA traveled to Iowa City in September to help the Ronald McDonald House Charities with curb appeal at the front entrance of the house installing plantings, natural edge and wood mulch. Volunteers also added new plantings and mulch in the Butterfly Garden, and even freshened up the rear of house and around play house.

Each year Linda Grieve helps design the INLA Day of Service projects. Due to a scheduling conflict with the new rain date, Linda was unable to join us during our project. The INLA board extends a HUGE appreciation for all of her hard work.

"quote from board chair," said Shawna Moss, INLA 2019 Board Chair.

A special thanks to member companies who helped bring equipment in for the project or who donated

materials - Midwest Ground Cover, University of Iowa, Intrinsic Perennials, Kirkwood Community College, DMACC, and Hughes Nursery.

During the 2019 project, we had over 40 members, member companies, and college students volunteer to help make this project a success. The INLA board of directors and the planning committee would like to extend a tremendous thank you to all of our volunteers, members, and students that made our 2019 INLA Day of Service such a success!

Annually locations are selected by the INLA Day of Service Planning Committee through a detailed process. This member effort has completed seven locations across Iowa since its inception in 2012.
